Created to coexist graciously with generations to come.
CREATED FROM OUR HEART AND SOUL, INSPIRED TO COEXIST GRACIOUSLY FOR GENERATIONS TO COME.

Deep from within Oceanside Glasstile's artisan heritage, emerges definitive design expressed through a timeless color palette and clean mosaic formats.

Blue confidently offers a high percentage of post consumer recycled content, contributing to LEED points and green projects with the highest quality, handcrafted mosaics.

Blue™ mosaics are face mounted on paper and have both iridescent and non iridescent surface finish.
BEAUTIFULLY SUSTAINABLE
blue™ continues where green has not been able to go, as a larger revolution that includes social and economic justice, as well as a personal sustainable lifestyle. As Oceanside Glasstile progresses into a new decade so does their philosophy, the focus has shifted from being green to being blue™.

blue™ hits the market boasting post-consumer recycled content percentages as high as 80%. This characteristic lends itself to LEED accreditation and does so with the highest quality, handcrafted mosaics. The mosaic line is responsibly manufactured with recycled bottle glass sourced through curbside recycling programs. blue™ is sustainably handcrafted in North America and priced competitively for its class.

Oceanside Glasstile is proud to introduce Oceancare, an innovative line of sealing and maintenance products for tile and natural stone. Developed by Oceanside Glasstile using cutting-edge chemical technology, Oceancare products are highly effective, easy to use and environmentally friendly.

Oceancare products address the most common concerns associated with tile and natural stone maintenance and, when used in conjunction with one another, provide a complete maintenance solution without the damaging effects of bleach, acid, ammonia or abrasive cleaners. While Oceancare is specifically designed to work with Oceanside Glasstile and other glass tile products it is also an excellent choice for most tile types, including porcelain, ceramic and natural stone.

For product availability and pricing please contact an Oceancare dealer or visit our website www.oceancareproducts.com.
